

Luis Miguel Tapia Benitez

Computer Engineer

Developer focused on compilers, language design, and practical systems. I enjoy building reliable software and learning new paradigms to solve hard problems.

Cochabamba, Bolivia · <https://github.com/luismtapiab> · (+591) 67471092 · lmtapia1024@gmail.com

Habilidades técnicas

Lenguajes: Java, JavaScript, TypeScript, Haskell, Python, C#, Kotlin
Herramientas: PostgreSQL, JOOQ, Supabase, Spring Boot, Angular, ReactJS, Next.js, Astro, Unity, Docker, GNU/Linux

Experiencia

Fullstack Developer — Tupiza, Bolivia

April 2025 – present

- Fullstack development of an inventory management web application for a local business.
- Migration of data from a legacy system to a new database.
- Design of user interaction.

Fullstack Developer — Game Development — Remote

Aug 2023 – Feb 2024

- Configuration of cloud solutions: Google Cloud, Azure storage.
- Implementation of REST APIs.
- Design of user interaction and scene transitions.

C# Developer — Remote

Jan 2021 – Feb 2022

- Image processing with OpenCV in Unity.
- C# module implementation, retrieving data from location provider.

Teaching Assistant — Cochabamba, Bolivia

Feb 2019 – Jan 2021

- Introduction to Programming: problem-solving focus, Java & Pseint.
- Programming Elements and Data Structures: recursion, backtracking, functional concepts.

Educación

Postgraduate Diploma in Higher Education based on Competencies

Universidad Pública de El Alto · Bolivia · 2026 – present

Ingeniería Informática (Computer Science)

Universidad Mayor de San Simón · Cochabamba, Bolivia · Jul 2023

Tesis: An example of executable semantics (approved with honors).

Cursos relevantes: Functional Programming, Compilers construction, Semantics, Database

Bachiller en Humanidades (High School Diploma)

UE Santa Ana · Tupiza, Bolivia · Dec 2016

Cursos relevantes: Programming in C++, Robotics

Cursos y certificaciones

DevOps with Docker: Security and optimization — University of Helsinki	June 16, 2026
DevOps with Docker: Docker compose — University of Helsinki	June 15, 2026
DevOps with Docker: Docker Basics — University of Helsinki	June 15, 2026
EF SET English Certificate — Education First	December 24, 2025
Fundamentals and Introduction to Power BI — Universidad Mayor de San Simón	June 28, 2024
Ethical Hacking — Universidad Mayor de San Simón	June 28, 2024
English for IT 2 — Cisco Networking Academy	October 24, 2023
English for IT 1 — Cisco Networking Academy	October 22, 2023
Introduction to Packet Tracer — Cisco Networking Academy	July 31, 2022
CCNAv7: Introduction to Networks — Cisco Networking Academy	February 8, 2022

Idiomas e intereses

Idiomas: Spanish (native), English (Intermediate B2)
Intereses: Language Design, Robotics, Contact sports

Logros

- 2nd Place Tech4Future Hack 2026
- 3rd Place Microsoft Ambassadors Hackathon IA 2023
- Robotics Silver Medal Potosí 2016
- OBI Participant Potosí 2014–2016
